

Programme des sessions

27-29 oct. 2021

**French-Ukrainian Workshop - Instrumentation
developments for High energy physics**

Accelerators

IJCLab, Auditorium Joliot Curie + Auditorium Pierre Lehmann

ven. 29 octobre

14:30

Accelerators: Accelerators 4**Session** | **Site:** IJCLab, 200/0-Auditorium - Auditorium P. Lehmann | **Responsable de session:** Sergii Trofymenko

14:30 - 15:10

NSC KIPT Neutron Source Facility. Power control at the NBW mode**Orateur**

Sergiy Fomin

15:15 - 15:30

Theory and modelling of Compton light sources**Orateur**

Eugene Bulyak

15:35 - 15:50

Current status and plans of the Compact X-ray source: ThomX**Orateur**

Marie JACQUET

15:55 - 16:10

Advantages of using the Compton radiation for radiography**Orateur**

Eugene Bulyak

16:10
